

iELF Programme

Inter-professional Educational Leadership Fellowship

Transforming Clinical Education and Training in the Workplace

South East Primary Care Schools are proud to launch a third cohort of the hugely successful iELF programme.

This pioneering programme places educational leadership at the centre of continually learning in Primary Care.

- It will support individuals to embrace their educational leadership journey through building and harnessing their knowledge, skills and experience
- Offer a unique blend of learning and development that combines education learning with masterclasses, mentoring and collaboration with other fellows in order to develop new strategies and approaches to improve workforce recruitment, capacity, and resilience in Primary Care

Ideally suited for Community Educational Facilitators and PCN Educational Leads, working within or supporting Primary Care Networks and General Practices.

Programme commences
September 2024
1 day/2 sessions a week
over 12 months.
