

How to manage LTFT/Returning to Work Trainees – a toolkit for Educational and Clinical Supervisors

Module One:

The process of application to become a LTFT trainee
Preparing for /managing a LTFT trainee in your department

Module Two:

Managing a pregnant trainee
Managing the return to work process for a trainee who has had an extended period of absence

The supervisor will:

- Gain insight into why good management of this trainee population is so important
- Appreciate their statutory responsibilities
- Understand the HR/occupational health issues
- Be provided with a framework for managing these situations

Facilitated by:

Rifca Le Dieu, Barts Health Champion of Flexible Training and SupportTT Lead and
Elly Ferreira, Consultant Anaesthetist

Module one:

Tuesday 15th June 9-12

Tuesday 19th Oct 9-12

Module two:

Tuesday 15th June 1-4

Tuesday 15th Oct 1-4

Via MStTeams
