

Perioperative, Hepatobiliary and Transplant Webinar Series

What

-Fortnightly webinars discussing all things perioperative medicine, with an occasional HPB twist, delivered by international expert speakers from the UK, Ireland, Canada and the USA.

How

-A dedicated channel on MS Teams and WhatsApp Group with recording of lectures.
-Recordings made available to stream after each webinar.

Who

-Fellows and those trainees undertaking relevant Advanced Training Modules.
-Interested Consultants, Trainees or members of the Perioperative/Critical Care Team.
