

## Job Descriptor for the four-month academic placement

Separate IPDs for clinical placements are available on foundation school website

<p><i>Type of programme</i></p> <p>This is a 4 month Medical Education post which offers practical involvement in medical education and educational research.</p>	
<p><i>Employing Trust:</i> <b>Dartford &amp; Gravesham NHS Trust</b></p>	<p><i>Academic placement based at:</i> Kent and Medway Medical School Pears Building Parkwood Road University of Kent CT2 7FS/ Darent Valley Hospital Darenth Wood Road, Dartford DA28DA</p>
<p>Programme Preference</p>	<p><b>2425/KMMS/01, 2425/KMMS/02, 2425/KMMS/03</b></p>
<p>Brief outline of department: Kent and Medway Medical School (KMMS) is an exciting collaboration between Canterbury Christ Church University and the University of Kent and builds on their existing high-quality clinical teaching and research strengths. The state-of-the-art buildings host the first human anatomy facility and the first high-fidelity simulated GP suite to be built in Kent and Medway.</p> <p>Medical Education at Dartford &amp; Gravesham NHS Trust (DGT) helps the clinical learners acquire the right knowledge and skills, behaviours and attitudes to meet the challenges the Trust and wider NHS face whilst delivering professional care with compassion. DGT is an excellent place for trainees to acquire their curriculum-based and professional skills.</p> <p>The Department of Medical Education is headed by Director of Medical Education with a team of Leads in specialty training, leadership, simulation and undergraduate education.</p> <p>The post-holder will also be able to apply for a Postgraduate Certificate in Medical Education/Simulation. Post-holders will be encouraged to get involved in teaching the undergraduates and PA students.</p> <p>The post will provide core and translatable skills for a future medical career.</p>	
<p>Structure of project/what is expected</p> <p>The project will be decided in agreement with medical school. The F2 appointed would be expected to participate in teaching activities.</p>	
<p>Clinical commitments during academic placement To be confirmed</p>	

Projects (if applicable)

Examples of projects:
