

Welcome to our '**ST2 AKT Masterclass**' course. This is aimed at GP trainees who have not yet sat the AKT and are preparing towards this. This course takes approximately 4 hours to complete in full and Dr Liz Norris (Head of School) has authorised half a day of study leave for trainees not in a GP or ITP post.

In this course, we will be answering the following questions and more:

- When should I take the AKT?
- How long does it take to prepare?
- How do I prepare for the AKT?

In order to access the course, please follow these steps:

Step 1: Register for an account (this must be using an NHS email address) at: <https://www.gptrainingeastssussex.co.uk/register/>

Step 2: Access the module either through the above website's menu, or: https://www.gptrainingeastssussex.co.uk/login/?redirect_to=https%3A%2F%2Fwww.gptrainingeastssussex.co.uk%2Fcourses%2Fakt-masterclass%2F

Step 3: To start, click 'Enrol now' on the right, then work your way through the topics below. There is a certificate available upon completion.

We hope that you find this to be a useful resource in preparation for the AKT examination and further support can be found at: <https://kss.hee.nhs.uk/primary-care/gp-trainees-resources/akt-support/>

Please do not hesitate to contact us if you have any further queries.
