

TASTER COURSE IN NEPHROLOGY

26th January 2024
Virtual Event: 9.15 - 16.15

Are you a junior doctor interested in a career in Nephrology?
Come and be inspired!

WHY NEPHROLOGY?

Find out what it's like to work as a registrar and consultant.

WHAT IS NEPHROLOGY?

How to manage glomerulonephritis, renal transplantation and end-stage kidney disease.

CAREER OPPORTUNITIES

Beyond "pure renal" – teaching, research, working abroad and dual accreditation.

HOW TO APPLY

What do you need on your CV, what is the interview like and how likely are you to get a training number.

National poster presentation and prize opportunities available!

- Submit your abstract to renaltastercourse@gmail.com by 5pm on Friday 5th January 2024.
- Any kidney-related project eligible - research, audit, QIP or teaching.
- Abstracts should be a maximum of 300 words excluding the title and written in the format: 'Title, Background, Methods, Results, Discussion' with your name and the names of any co-authors and supervisors.
- Authors of all accepted abstracts will have the opportunity to display an electronic poster at the Taster Event, counting as a national poster presentation for applications.
- Best poster prize available.
