Specialty	Acute Medicine with Sub Specialty of General (internal) Medicine
Grade	F1
Trust	Dartford and Gravesham NHS Trust
Site name and address (include trust name if different to employing trust)	Darent Valley Hospital Darenth Wood Road Dartford Kent, DA2 8DA
Type of work to expect and learning opportunities	<p>Dartford and Gravesham NHS Trust is based at Darent Valley Hospital. It offers a comprehensive range of acute hospital based services to around 400,000 people in North Kent and South East London. The hospital opened in September 2000 and now has 530 inpatient beds.</p> <p>The Trust provides some services at Queen Mary's Hospital, Sidcup and partners with tertiary Trusts: GSTT, KCH and NHNN. Foundation doctors will be based at Darent Valley Hospital.</p> <p>The Directorate of Medicine aims to provide you with the opportunity to improve both your knowledge and practical skills when dealing with both acutely ill patients and patients with chronic medical conditions, both in the inpatient and non elective setting. You will gain experience in taking history, examining patients, formulating differential diagnosis and management plans, including prescribing, diagnostic work up and therapeutics. You will be working in the multidisciplinary team and will be supported by allied health professionals and ancillary specialties, e.g. palliative care, rheumatology, radiology etc.</p> <p>You will be supported during your time at Dartford and Gravesham NHS Trust by the College Tutor, a GMC approved named Educational Supervisor and a number of Clinical Supervisors, all of whom will contribute to your learning and educational development, complete work-based assessments and provide you with regular feedback regarding your progress.</p> <p>Medical education is delivered via a number of learning opportunities, including on the job ward round clinical teaching, clinics, endoscopy and on call for both acute selective take and ward cover. The formal teaching programme includes cadre specific teaching, specialty teaching, departmental grand rounds, M&M meetings, governance meetings and simulation.</p> <p>Whilst working in medicine the learning objectives are to:</p> <ul style="list-style-type: none"> • Gain experience and knowledge of acute medical emergencies • Gain experience and knowledge of chronic medical conditions

	<ul style="list-style-type: none"> • Attain basic knowledge across a spectrum of medical specialties common to the needs of a general physician • Develop a solid platform of knowledge, competencies and experience sufficient to allow progression to enter specialty training in medicine • Learn team working, time management and clinical prioritisation skills. <p><u>Acute Medical Unit</u></p> <p>AMU provides the excellent opportunity to learn the skills and gain experience in managing acutely unwell patients who can be assessed, treated, managed and potentially discharged in a short span of time. It has a very high turnover and a variety of patients presenting to the hospital, the majority of the patients are new patients admitted to the hospital who are referred from the Emergency Department, are direct GP referrals or through the Ambulatory Care Unit. There are opportunities to observe and perform bedside procedures and learn ultrasound skills, as well as liaising with community services, IDT and H@HT.</p>
<p>Main duties and further information about the placement</p>	<p>The focus will be on learning clinical medicine and developing your clinical skills and providing clinical exposure and experience in a supportive environment. This is achieved by:</p> <ul style="list-style-type: none"> • Participating in teaching ward rounds • Learning clinical prioritization and time management skills in managing jobs, procedures, specialty referrals, EDNs, communicating with patients, families and MDT, collaborative team working and learning to navigate the NHS. • Performing bedside procedures, attend clinics and have exposure to other specialty referrals • Attending cancer MDTs and endoscopic therapeutics and diagnostics • Learning about imaging and histopathology • Learning the skills required for being on call for both acute selective take and ward cover • Clinical governance: M&M, Audit/QIP, presentations/publications
<p>Clinical Supervisor(s) <i>This may be subject to change</i></p>	<p>Dr Dora Affam Dr Nikhil Bhatia Dr Noshaba Khiljee Dr Saeedur Rahman Dr Lanitha Srikugan Dr Sebastian Urruela</p>
<p>Typical working pattern in the</p>	<p>F1 Mandatory teaching takes place on Wednesdays from 13:00 – 15:00 Example rota:</p>

placement. e.g
 ward rounds,
 clinics, theatre

Specialty	General (internal) Medicine with Sub Specialty listed below
Grade	F1
Trust	Dartford and Gravesham NHS Trust
Site name and address (include trust name if different to employing trust)	Darent Valley Hospital Darent Wood Road Dartford Kent, DA2 8DA
Type of work to expect and learning opportunities	<p>Dartford and Gravesham NHS Trust is based at Darent Valley Hospital. It offers a comprehensive range of acute hospital based services to around 400,000 people in North Kent and South East London. The hospital opened in September 2000 and now has 530 inpatient beds.</p> <p>The Trust provides some services at Queen Mary's Hospital, Sidcup and partners with tertiary Trusts: GSTT, KCH and NHNN. Foundation doctors will be based at Darent Valley Hospital.</p> <p>The Directorate of Medicine aims to provide you with the opportunity to improve both your knowledge and practical skills when dealing with both acutely ill patients and patients with chronic medical conditions, both in the inpatient and non elective setting. You will gain experience in taking history, examining patients, formulating differential diagnosis and management plans, including prescribing, diagnostic work up and therapeutics. You will be working in the multidisciplinary team and will be supported by allied health professionals and ancillary specialties, e.g. palliative care, rheumatology, radiology etc.</p> <p>You will be supported during your time at Dartford and Gravesham NHS Trust by the College Tutor, a GMC approved named Educational Supervisor and a number of Clinical Supervisors, all of whom will contribute to your learning and educational development, complete work-based assessments and provide you with regular feedback regarding your progress.</p> <p>Medical education is delivered via a number of learning opportunities, including on the job ward round clinical teaching, clinics, endoscopy and on call for both acute selective take and ward cover. The formal teaching programme includes cadre specific teaching, specialty teaching, departmental grand rounds, M&M meetings, governance meetings and simulation.</p> <p>Whilst working in medicine the learning objectives are to:</p> <ul style="list-style-type: none"> • Gain experience and knowledge of acute medical emergencies • Gain experience and knowledge of chronic medical conditions

- Attain basic knowledge across a spectrum of medical specialties common to the needs of a general physician
- Develop a solid platform of knowledge, competencies and experience sufficient to allow progression to enter specialty training in medicine
- Learn team working, time management and clinical prioritisation skills.

Sub Specialty:

Orthogeriatrics:

Maple Ward is the trauma and orthopaedics ward at DVH. The majority of patients here are frail older people, most commonly following hip fracture. Following surgery, the team look after those patients with post-operative complications (e.g. delirium, infection, difficult discharge decisions and ethical issues). Medical support is also given to the orthopaedic teams in managing non hip-fracture patients. The focus is, in addition, on falls prevention and bone health assessment. This is in addition to managing general medicine patients. The ward is supported by a dedicated Trauma Nurse for Older People.

Endocrinology and Diabetes:

Beech Ward is a D&E and general medicine ward; patients here are mainly a mixture of medical cases, which include elderly care patients, alongside patients with primary diabetic or endocrine conditions. The department offers a very active diabetes service and an evolving metabolic bone disease services, with regular outpatient clinics and also seeing inpatient referrals. It is supported by the diabetic CNS's.

Haematology / General Medicine:

Holly ward is the Haematology ward but also looks after patients with acute Oncology presentations and general medicine. The haematology patients are cared by five full time Haematology consultants on a weekly rota and the Acute Oncology Service, which is supported by General Medicine Consultants, with the collaboration by visiting Oncology consultants based in Maidstone Hospital. Day Unit services are provided in Pine Therapy, where in addition to giving routine chemotherapy and supportive treatments as blood transfusions, cancer outpatients with febrile neutropenia or other acute problems are seen.

Outpatients Service are a combination of Virtual/telephone plus face to face clinics, with provision of some outpatient services within Pine for selected patients for urgent management. In addition, there are provisions for PICC line insertions and bone marrow procedures.

<p>Main duties and further information about the placement</p>	<p>The focus will be on learning clinical medicine and developing your clinical skills and providing clinical exposure and experience in a supportive environment. This is achieved by:</p> <ul style="list-style-type: none"> • Participating in teaching ward rounds • Learning clinical prioritisation and time management skills in managing jobs, procedures, specialty referrals, EDNs, communicating with patients, families and MDT, collaborative team working and learning to navigate the NHS. • Performing bedside procedures, attend clinics and have exposure to other specialty referrals • Attending cancer MDTs and endoscopic therapeutics and diagnostics • Learning about imaging and histopathology • Learning the skills required for being on call for both acute selective take and ward cover • Clinical governance: M&M, Audit/QIP, presentations/publications
<p>Clinical Supervisor(s) <i>This may be subject to change</i></p>	<p>Dr Colin Weekes Dr Itopa Fidelis Abedo Dr Cynthia Mohandas Dr Arthur Ogunko Dr Lianwea Chia Dr Vijayavalli Dhanapal Dr Zacharoula (Joy) Galani Dr Natalie Heeney Dr Kawai Yip</p>
<p>Typical working pattern in the placement. e.g. ward rounds, clinics, theatre</p>	<p>F1 Mandatory teaching takes place on Wednesdays from 13:00 – 15:00 Example rota:</p>

Specialty	Geriatric Medicine with Sub Specialty of General (internal) Medicine
Grade	F1
Trust	Dartford and Gravesham NHS Trust
Site name and address (include trust name if different to employing trust)	Darent Valley Hospital Darenth Wood Road Dartford Kent, DA2 8DA
Type of work to expect and learning opportunities	<p>Dartford and Gravesham NHS Trust is based at Darent Valley Hospital. It offers a comprehensive range of acute hospital based services to around 400,000 people in North Kent and South East London. The hospital opened in September 2000 and now has 530 inpatient beds.</p> <p>The Trust provides some services at Queen Mary's Hospital, Sidcup and partners with tertiary Trusts: GSTT, KCH and NHNN. Foundation doctors will be based at Darent Valley Hospital.</p> <p>The Directorate of Medicine aims to provide you with the opportunity to improve both your knowledge and practical skills when dealing with both acutely ill patients and patients with chronic medical conditions, both in the inpatient and non elective setting. You will gain experience in taking history, examining patients, formulating differential diagnosis and management plans, including prescribing, diagnostic work up and therapeutics. You will be working in the multidisciplinary team and will be supported by allied health professionals and ancillary specialties, e.g. palliative care, rheumatology, radiology etc.</p> <p>You will be supported during your time at Dartford and Gravesham NHS Trust by the College Tutor, a GMC approved named Educational Supervisor and a number of Clinical Supervisors, all of whom will contribute to your learning and educational development, complete work-based assessments and provide you with regular feedback regarding your progress.</p> <p>Medical education is delivered via a number of learning opportunities, including on the job ward round clinical teaching, clinics, endoscopy and on call for both acute selective take and ward cover. The formal teaching programme includes cadre specific teaching, specialty teaching, departmental grand rounds, M&M meetings, governance meetings and simulation.</p> <p>Whilst working in medicine the learning objectives are to:</p>

	<ul style="list-style-type: none"> • Gain experience and knowledge of acute medical emergencies • Gain experience and knowledge of chronic medical conditions • Attain basic knowledge across a spectrum of medical specialties common to the needs of a general physician • Develop a solid platform of knowledge, competencies and experience sufficient to allow progression to enter specialty training in medicine • Learn team working, time management and clinical prioritisation skills. <p>Geriatric Medicine</p> <p>Provides an excellent opportunity to learn the skills and gain experience in managing acutely unwell patients who are elderly in a holistic manner, in the context of a comprehensive geriatric approach. You will have opportunities to be exposed to dizziness, falls and syncope clinics, MCA/DOLs, advance care directives and LPAs, as well as general medicine encompassing acute and chronic conditions.</p>
<p>Main duties and further information about the placement</p>	<p>The focus will be on learning clinical medicine and developing your clinical skills and providing clinical exposure and experience in a supportive environment. This is achieved by:</p> <ul style="list-style-type: none"> • Participating in teaching ward rounds • Learning clinical prioritization and time management skills in managing jobs, procedures, specialty referrals, EDNs, communicating with patients, families and MDT, collaborative team working and learning to navigate the NHS. • Performing bedside procedures, attend clinics and have exposure to other specialty referrals • Attending cancer MDTs and endoscopic therapeutics and diagnostics • Learning about imaging and histopathology • Learning the skills required for being on call for both acute selective take and ward cover • Clinical governance: M&M, Audit/QIP, presentations/publications
<p>Clinical Supervisor(s) <i>This may be subject to change</i></p>	<p>Dr Imran Ashraf Dr Rupinder Gill Dr Praphull Shukla</p>
<p>Typical working pattern in the placement. e.g. ward</p>	<p>F1 Mandatory teaching takes place on Wednesdays from 13:00 – 15:00 Example rota:</p>

****It is important to note that this description is a typical example of the placement and may be subject to change****

Specialty	Stroke Medicine with Sub Specialty of General (internal) Medicine
Grade	F1
Trust	Dartford and Gravesham NHS Trust
Site name and address (include trust name if different to employing trust)	Darent Valley Hospital Darenth Wood Road Dartford Kent, DA2 8DA
Type of work to expect and learning opportunities	<p>Dartford and Gravesham NHS Trust is based at Darent Valley Hospital. It offers a comprehensive range of acute hospital based services to around 400,000 people in North Kent and South East London. The hospital opened in September 2000 and now has 530 inpatient beds.</p> <p>The Trust provides some services at Queen Mary's Hospital, Sidcup and partners with tertiary Trusts: GSTT, KCH and NHNN. Foundation doctors will be based at Darent Valley Hospital.</p> <p>The Directorate of Medicine aims to provide you with the opportunity to improve both your knowledge and practical skills when dealing with both acutely ill patients and patients with chronic medical conditions, both in the inpatient and non elective setting. You will gain experience in taking history, examining patients, formulating differential diagnosis and management plans, including prescribing, diagnostic work up and therapeutics. You will be working in the multidisciplinary team and will be supported by allied health professionals and ancillary specialties, e.g. palliative care, rheumatology, radiology etc.</p> <p>You will be supported during your time at Dartford and Gravesham NHS Trust by the College Tutor, a GMC approved named Educational Supervisor and a number of Clinical Supervisors, all of whom will contribute to your learning and educational development, complete work-based assessments and provide you with regular feedback regarding your progress.</p> <p>Medical education is delivered via a number of learning opportunities, including on the job ward round clinical teaching, clinics, endoscopy and on call for both acute selective take and ward cover. The formal teaching programme includes cadre specific teaching, specialty teaching, departmental grand rounds, M&M meetings, governance meetings and simulation.</p> <p>Whilst working in medicine the learning objectives are to:</p> <ul style="list-style-type: none"> • Gain experience and knowledge of acute medical emergencies • Gain experience and knowledge of chronic medical conditions

	<ul style="list-style-type: none"> • Attain basic knowledge across a spectrum of medical specialties common to the needs of a general physician • Develop a solid platform of knowledge, competencies and experience sufficient to allow progression to enter specialty training in medicine • Learn team working, time management and clinical prioritisation skills. <p><u>Stroke Medicine</u> Provides an excellent opportunity to learn the skills and gain experience in managing acutely unwell patients presenting with strokes, including bleeds, TIAs and stroke mimics. DVH is a regional HASU and Thrombolysis Centre and juniors will have the opportunity to manage patients on the ward following administration of fibrinolytics. Day-to-day work involves working closely with the large multidisciplinary team during rehabilitation, investigation of the aetiology of the stroke/TIA, optimising risk factors for future stroke and managing post-stroke medical complications.</p>
<p>Main duties and further information about the placement</p>	<p>The focus will be on learning clinical medicine and developing your clinical skills and providing clinical exposure and experience in a supportive environment. This is achieved by:</p> <ul style="list-style-type: none"> • Participating in teaching ward rounds • Learning clinical prioritization and time management skills in managing jobs, procedures, specialty referrals, EDNs, communicating with patients, families and MDT, collaborative team working and learning to navigate the NHS. • Performing bedside procedures, attend clinics and have exposure to other specialty referrals • Attending cancer MDTs and endoscopic therapeutics and diagnostics • Learning about imaging and histopathology • Learning the skills required for being on call for both acute selective take and ward cover • Clinical governance: M&M, Audit/QIP, presentations/publications

It is important to note that this description is a typical example of the placement and may be subject to change

Specialty	Urology
Grade	F1
Trust	Dartford and Gravesham NHS Trust
Site name and address (include trust name if different to employing trust)	Darent Valley Hospital Darenth Wood Road, Dartford, Kent DA2 8DA
Type of work to expect and learning opportunities	<p>Dartford and Gravesham NHS Trust is based at Darent Valley Hospital. It offers a comprehensive range of acute hospital based services to around 400,000 people in North Kent and South East London. The hospital opened in September 2000 and now has 530 inpatient beds.</p> <p>The Trust provides some services at Queen Mary's Hospital, Sidcup and partners with tertiary Trusts: GSTT, KCH and NHNN. Foundation doctors will be based at Darent Valley Hospital.</p> <p>The Urology Department is part of the Surgical Directorate. It offers a wide range of urological procedures and has a stone service, which takes patients from the surrounding districts. The department has its own lithotripter and lasers to treat patients with kidney stones. Short stay prostate operations take place and the department has a Greenlight laser system for prostates.</p> <p>The department is highly active in clinical research.</p>
Main duties and further information about the placement	<p>The daily ward round is taken by the on call registrar at 08:00hrs on Redwood Ward, with the on call consultants in attendance and all patients are reviewed. Weekly consultant ward rounds also take place.</p> <p>When time allows, there is the opportunity to attend theatre (day-surgery list) for basic urology cases and to practice cystoscopy. FY1 doctors can attend clinics or theatre most days, however a lot of valuable experience can be gained in managing common urological problems on the inpatient wards, especially as there is a high turnover of patients.</p> <p>Whilst working in Urology you will carry out on calls in Surgery. This will provide you with exposure to deal with a variety of regular and emergency problems.</p>
Clinical Supervisor(s) <i>This may be subject to change</i>	<p>Mr Faqar Anjum Mr Srijit Banerjee Prof Sanjeev Madaan Mr Joseph Nariculam Ms Eleanor Ray Ms Maria Satchi Prof Seshadri Sriprasad</p>

<p>Typical working pattern in the placement. e.g. ward rounds, clinics, theatre</p>	<p>Example working pattern:</p> <p>Mon: 08:00 – 17:00 WR and ward jobs Tues: 08:00 – 17:00 WR and ward jobs Wed: 08:00 – 20:30 (on call 17:00 – 20:30). (Formal teaching 13:00-1500) Thurs: 08:00 – 17:00 WR and ward jobs Fri: 08:00 – 17:00 WR and ward jobs Sat: Off Sun: Off</p> <p>Mon: 08:00 – 20:30 (on call 17:00 – 20:30). Tues: 08:00 – 17:00 WR and ward jobs Wed: 08:00 – 17:00 WR and ward jobs (Formal teaching 13:00-1500) Thurs: 08:00 – 17:00 WR and ward jobs Fri: 08:00 – 17:00 WR and ward jobs Sat: Off Sun: Off</p> <p>On call requirements: 1 day per week on call 08:00 to 20:30. Weekend on call Approx 3 weekends in 14 (08:00-17:00 Saturday and Sunday)</p> <p>Theatre days are usually Tuesday and Thursday, occasionally Friday.</p>
<p>For further information, please contact the Local Education Provider (LEP) administrative contact</p>	<p>https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/dartford-and-gravesham-prospectus/</p>

****It is important to note that this description is a typical example of the placement and may be subject to change****

Specialty	Critical Care and Anaesthetics
Grade	F2
Trust	Dartford and Gravesham NHS Trust
Site name and address (include trust name if different to employing trust)	Darent Valley Hospital Darent Wood Road, Dartford, Kent DA2 8DA
Type of work to expect and learning opportunities	<p>Dartford and Gravesham NHS Trust is based at Darent Valley Hospital. It offers a comprehensive range of acute hospital based services to around 400,000 people in North Kent and South East London. The hospital opened in September 2000 and now has 530 inpatient beds.</p> <p>The Trust provides some services at Queen Mary's Hospital, Sidcup and partners with tertiary Trusts: GSTT, KCH and NHNN. Foundation doctors will be based at Darent Valley Hospital.</p> <p>The Anaesthetic Directorate's aim is to give you the opportunity to improve both your knowledge and practical skills when dealing with critically ill patients. You will also have the opportunity to get some anaesthetic experience, but the main focus will remain intensive care. Due to the very specialised nature of the specialty, you will be supernumerary and will have "on call" duties always under the direct supervision of a more senior doctor in training and close supervision from a consultant.</p> <p>You will be supported during your time at Dartford and Gravesham NHS Trust by the College Tutor, a GMC approved named Educational Supervisor and a number of Clinical Supervisors, all of whom will contribute to your learning and educational development, complete work-based assessments and provide you with regular feedback regarding your progress.</p> <p>Medical education is delivered via a number of learning approaches, including ward round clinical teaching, anaesthetic teaching programme, simulation and for the anaesthetic part of your attachment attending theatres and participating to a list with a clinical supervisor.</p> <p>The Anaesthetic Department offers training in General, Laparoscopic Colorectal, Urological Surgeries, Orthopaedics and Trauma, Gynaecology. The aim is to give you the opportunity to improve both your knowledge and practical skills when dealing with critically ill patients. You will have the opportunity to get some anaesthetic</p>

	<p>experience but the main focus will remain intensive care. Due to the very specialised nature of the specialty you will be supernumerary and will have “on call” duties only during day time and always under the direct supervision of a more senior doctor in training and close supervision from a consultant.</p>
<p>Main duties and further information about the placement</p>	<p>Assess and examine patients to be presented on the Consultant ward round. Attend medical emergency calls and crash calls with senior colleague. Assess patients proposed for admission on the ward. Attend theatre lists with a consultant Basic knowledge of anaesthetic drugs Recognising a patient who needs admission to ITU and make a treatment plan Airway management</p>
<p>Clinical Supervisor(s) <i>This may be subject to change</i></p>	<p>Dr Salman Ahmad Dr Dhiraj Ail Dr Basil Al-Shakarchi Dr Zakaula Belagodu Dr Devaraj Dyamanna Dr Stephen Fenlon Dr Dawn Harpham Dr Andrew Hartopp Dr Muhammad Kamal Dr Asad Khan Dr Sanjay Kuravinakop Dr Madhusudhan Mali Dr Georgia Monantera Dr Sanjay Parmar Dr Vidhi Patle Dr Jonathan Perry Dr Michael Protopapas Dr Mansoor Sange Dr Shamim Sarfi Dr Mallikarjunappa Satisha Dr Darshinder Sethi Dr Motsim Sheraz Dr Eleni Syrrakou Dr Azfer Usmani Dr Narasimha Vyakarnam Dr Gregory Waight Dr Baber Zaheer Dr Sarvesh Zope</p>
<p>Typical working pattern in the placement. e.g. ward rounds, clinics, theatre</p>	<p>Your working pattern is arranged across a rota cycle of 8 weeks, and includes: Normal days – 08:00 – 18:00 Long days – 08:00 – 21:00 Half days – 08:00 – 13:00 Weekend shifts</p>

	<p>Foundation doctors will work one month in Anaesthetics and 3 months in ITU.</p> <p>F2 Teaching takes place on Tuesdays from 13:00 – 15:00</p> <p>Working arrangement</p> <table border="1"> <thead> <tr> <th>Week</th> <th>Mon</th> <th>Tue</th> <th>Wed</th> <th>Thu</th> <th>Fri</th> <th>Sat</th> <th>Sun</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>8:00 - 21:00</td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>2</td> <td>20:00 - 24:00</td> <td>00:00 - 9:00, 20:00 - 24:00</td> <td>00:00 - 9:00, 20:00 - 24:00</td> <td>00:00 - 9:00, 20:00 - 24:00</td> <td>00:00 - 9:00</td> <td></td> <td></td> </tr> <tr> <td>3</td> <td>8:00 - 21:00</td> <td>8:00 - 21:00</td> <td>8:00 - 21:00</td> <td>8:00 - 13:00</td> <td></td> <td></td> <td></td> </tr> <tr> <td>4</td> <td></td> <td>8:00 - 21:00</td> <td>8:00 - 21:00</td> <td>8:00 - 21:00</td> <td>8:00 - 21:00</td> <td></td> <td></td> </tr> <tr> <td>5</td> <td></td> <td>8:00 - 21:00</td> <td>8:00 - 21:00</td> <td>8:00 - 13:00</td> <td>20:00 - 24:00</td> <td>00:00 - 9:00, 20:00 - 24:00</td> <td>00:00 - 9:00, 20:00 - 24:00</td> </tr> <tr> <td>6</td> <td>00:00 - 9:00</td> <td></td> <td></td> <td>8:00 - 13:00</td> <td>8:00 - 21:00</td> <td></td> <td></td> </tr> <tr> <td>7</td> <td>8:00 - 21:00</td> <td>8:00 - 21:00</td> <td></td> <td>8:00 - 21:00</td> <td>8:00 - 21:00</td> <td></td> <td></td> </tr> <tr> <td>8</td> <td></td> <td>8:00 - 21:00</td> <td>8:00 - 21:00</td> <td></td> <td></td> <td>8:00 - 21:00</td> <td>8:00 - 21:00</td> </tr> </tbody> </table>	Week	Mon	Tue	Wed	Thu	Fri	Sat	Sun	1	8:00 - 21:00							2	20:00 - 24:00	00:00 - 9:00, 20:00 - 24:00	00:00 - 9:00, 20:00 - 24:00	00:00 - 9:00, 20:00 - 24:00	00:00 - 9:00			3	8:00 - 21:00	8:00 - 21:00	8:00 - 21:00	8:00 - 13:00				4		8:00 - 21:00	8:00 - 21:00	8:00 - 21:00	8:00 - 21:00			5		8:00 - 21:00	8:00 - 21:00	8:00 - 13:00	20:00 - 24:00	00:00 - 9:00, 20:00 - 24:00	00:00 - 9:00, 20:00 - 24:00	6	00:00 - 9:00			8:00 - 13:00	8:00 - 21:00			7	8:00 - 21:00	8:00 - 21:00		8:00 - 21:00	8:00 - 21:00			8		8:00 - 21:00	8:00 - 21:00			8:00 - 21:00	8:00 - 21:00

It is important to note that this description is a typical example of the placement and may be subject to change

Specialty	Clinical Radiology
Grade	F2
Trust	Dartford and Gravesham NHS Trust
Site name and address (include trust name if different to employing trust)	Darent Valley Hospital Darenth Wood Road Dartford Kent, DA2 8DA
Type of work to expect and learning opportunities	<p>Dartford and Gravesham NHS Trust is based at Darent Valley Hospital. It offers a comprehensive range of acute hospital based services to around 400,000 people in North Kent and South East London. The hospital opened in September 2000 and now has 530 inpatient beds.</p> <p>The Trust provides some services at Queen Mary's Hospital, Sidcup and partners with tertiary Trusts: GSTT, KCH and NHNN. Foundation doctors will be based at Darent Valley Hospital.</p> <p>The Department of Radiology provides most services over two sites – Darent Valley Hospital, Dartford and Queen Mary's Hospital, Sidcup. There are X-ray services at smaller community hospitals based in Erith and Gravesend. We have a full complement of imaging modalities, including Plain Film Imaging, Fluoroscopy, Interventional (predominantly non-vascular), Computed Tomography, Magnetic Resonance Imaging and SPECT-CT Imaging. PET-CT services are provided by Alliance Medical based at Maidstone Hospital but is reported internally.</p> <p>During your placement there will be ample opportunities for hands on training and learning. Foundation doctors will be encouraged to perform Audits and attend Learning from Discrepancy meetings and various MDTs. All work will be within a well-supported and supervised environment.</p> <p>Radiology teaching is embedded in Clinical Departments, Grand Rounds and Trust Governance and Audit days. Each of the main clinical departments has a linked Consultant Radiologist.</p>
Main duties and further information about the placement	<ul style="list-style-type: none"> • Prepping patients • Gaining consent • Participation in interventional radiology procedures • Radiology interpretation and procedural skills. • Report writing • Rich learning scope from MDT

Clinical Supervisor(s) <i>This may be subject to change</i>	Your Educational Supervisor is responsible for overseeing your training and making sure that you are making the necessary clinical and educational progress. The Clinical Supervisor is responsible for your progress within each placement and for your day-to-day clinical progress. You should have regular feedback from your Clinical Supervisor.
Typical working pattern in the placement. e.g. ward rounds, clinics, theatre	Your contract is a full-time contract for 40 hours, working 09:00 – 17:00, Monday to Friday. No on-calls, weekends, evenings or Bank Holidays are included in your working week.
For further information, please contact the Local Education Provider (LEP) administrative contact	https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/dartford-and-gravesham-prospectus/

****It is important to note that this description is a typical example of the placement and may be subject to change****

Specialty	General (internal) Medicine with Sub Specialty listed below
Grade	F2
Trust	Dartford and Gravesham NHS Trust
Site name and address (include trust name if different to employing trust)	Darent Valley Hospital Darent Wood Road Dartford Kent, DA2 8DA
Type of work to expect and learning opportunities	<p>Dartford and Gravesham NHS Trust is based at Darent Valley Hospital. It offers a comprehensive range of acute hospital based services to around 400,000 people in North Kent and South East London. The hospital opened in September 2000 and now has 530 inpatient beds.</p> <p>The Trust provides some services at Queen Mary's Hospital, Sidcup and partners with tertiary Trusts: GSTT, KCH and NHNN. Foundation doctors will be based at Darent Valley Hospital.</p> <p>The Directorate of Medicine aims to provide you with the opportunity to improve both your knowledge and practical skills when dealing with both acutely ill patients and patients with chronic medical conditions, both in the inpatient and non elective setting. You will gain experience in taking history, examining patients, formulating differential diagnosis and management plans, including prescribing, diagnostic work up and therapeutics. You will be working in the multidisciplinary team and will be supported by allied health professionals and ancillary specialties, e.g. palliative care, rheumatology, radiology etc.</p> <p>You will be supported during your time at Dartford and Gravesham NHS Trust by the College Tutor, a GMC approved named Educational Supervisor and a number of Clinical Supervisors, all of whom will contribute to your learning and educational development, complete work-based assessments and provide you with regular feedback regarding your progress.</p> <p>Medical education is delivered via a number of learning opportunities, including on the job ward round clinical teaching, clinics, endoscopy and on call for both acute selective take and ward cover. The formal teaching programme includes cadre specific teaching, specialty teaching, departmental grand rounds, M&M meetings, governance meetings and simulation.</p> <p>Whilst working in medicine the learning objectives are to:</p> <ul style="list-style-type: none"> • Gain experience and knowledge of acute medical emergencies • Gain experience and knowledge of chronic medical conditions

- Attain basic knowledge across a spectrum of medical specialties common to the needs of a general physician
- Develop a solid platform of knowledge, competencies and experience sufficient to allow progression to enter specialty training in medicine
- Learn team working, time management and clinical prioritisation skills.

Sub Specialty:

Orthogeriatrics:

Maple Ward is the trauma and orthopaedics ward at DVH. The majority of patients here are frail older people, most commonly following hip fracture. Following surgery, the team look after those patients with post-operative complications (e.g. delirium, infection, difficult discharge decisions and ethical issues). Medical support is also given to the orthopaedic teams in managing non hip-fracture patients. The focus is, in addition, on falls prevention and bone health assessment. This is in addition to managing general medicine patients. The ward is supported by a dedicated Trauma Nurse for Older People.

Endocrinology and Diabetes:

Beech Ward is a D&E and general medicine ward; patients here are mainly a mixture of medical cases, which include elderly care patients, alongside patients with primary diabetic or endocrine conditions. The department offers a very active diabetes service and an evolving metabolic bone disease services, with regular outpatient clinics and also seeing inpatient referrals. It is supported by the diabetic CNS's.

Haematology / General Medicine:

Holly ward is the Haematology ward but also looks after patients with acute Oncology presentations and general medicine. The haematology patients are cared by five full time Haematology consultants on a weekly rota and the Acute Oncology Service, which is supported by General Medicine Consultants, with the collaboration by visiting Oncology consultants based in Maidstone Hospital. Day Unit services are provided in Pine Therapy, where in addition to giving routine chemotherapy and supportive treatments as blood transfusions, cancer outpatients with febrile neutropenia or other acute problems are seen.

Outpatients Service are a combination of Virtual/telephone plus face to face clinics, with provision of some outpatient services within Pine for selected patients for urgent management. In addition, there are provisions for PICC line insertions and bone marrow procedures.

<p>Main duties and further information about the placement</p>	<p>The focus will be on learning clinical medicine and developing your clinical skills and providing clinical exposure and experience in a supportive environment. This is achieved by:</p> <ul style="list-style-type: none"> • Participating in teaching ward rounds • Learning clinical prioritisation and time management skills in managing jobs, procedures, specialty referrals, EDNs, communicating with patients, families and MDT, collaborative team working and learning to navigate the NHS. • Performing bedside procedures, attend clinics and have exposure to other specialty referrals • Attending cancer MDTs and endoscopic therapeutics and diagnostics • Learning about imaging and histopathology • Learning the skills required for being on call for both acute selective take and ward cover • Clinical governance: M&M, Audit/QIP, presentations/publications
<p>Clinical Supervisor(s) <i>This may be subject to change</i></p>	<p>Dr Colin Weekes Dr Itopa Fidelis Abedo Dr Cynthia Mohandas Dr Arthur Ogunko Dr Lianwea Chia Dr Vijayavalli Dhanapal Dr Zacharoula (Joy) Galani Dr Natalie Heeney Dr Kawai Yip</p>
<p>Typical working pattern in the placement. e.g. ward rounds, clinics, theatre</p>	<p>F2 Mandatory teaching takes place on Tuesdays from 13:00 – 15:00 Example rota:</p>

Specialty	Obstetrics and Gynaecology
Grade	F2
Trust	Dartford and Gravesham NHS Trust
Site name and address (include trust name if different to employing trust)	Darent Valley Hospital Darenth Wood Road, Dartford, Kent DA2 8DA
Type of work to expect and learning opportunities	<p>Dartford and Gravesham NHS Trust is based at Darent Valley Hospital. It offers a comprehensive range of acute hospital based services to around 400,000 people in North Kent and South East London. The hospital opened in September 2000 and now has 530 inpatient beds.</p> <p>The Trust provides some services at Queen Mary's Hospital, Sidcup and partners with tertiary Trusts: GSTT, KCH and NHNN. Foundation doctors will be based at Darent Valley Hospital.</p> <p>Within Obstetrics and Gynaecology, the Delivery Suite has 2 operating theatres, 2 recovery beds, 2 low risk delivery room, and a total of 10 delivery rooms.</p> <p>There is 87 hour Consultant Delivery Suite cover with built-in prospective cover for Consultant absence. This is achieved with a "hot week" system during which a single Consultant covers the Delivery Suite during the day time from Monday to Friday.</p> <p>There is a co-located MLU (Midwifery Led Unit), which is across the corridor from the Delivery Suite. It has 4 delivery rooms, birthing pools and a friendly and homely environment.</p> <p>The Gynaecology Department has the use of two operating theatres, a 12 bedded inpatient ward and 6 day case beds. There is a newly refurbished dedicated gynaecology outpatients department with specialist clinics held for colposcopy, urodynamics and rapid access. The philosophy of one stop clinics is encouraged by the provision of ultrasound in the clinic (the department in collaboration with radiology has 4 ultrasound machines).</p> <p>Obstetric and Gynaecological ultrasound scanning is under the management of the Radiology Directorate but provided within the O&G outpatient area.</p> <p>On top of the usual staffing, there is a nurse-led EPU / Emergency Gynaecology Unit two urogynaecology nurses who perform urodynamics and run nurse-led clinics, a gynaecological cancer Specialist Nurse, a Nurse Colposcopist</p>

	<p>and an endometriosis nurse specialist. Delivery Suite has its own ODA and scrub nurse during working hours and dedicated anaesthetic cover 24/7.</p>																																
<p>Main duties and further information about the placement</p>	<p>The Obstetrics and Gynaecology curriculum is competency based and leads to a satisfactory completion of the competencies required. You will be supported during your time at Dartford and Gravesham NHS Trust by the Obstetrics and Gynaecology College Tutor, a GMC approved named Educational Supervisor and a number of Clinical Supervisors, all of whom will contribute to your learning and educational development, complete work based assessments and provide you with regular feedback regarding your progress.</p> <p>Medical education is delivered via a number of learning approaches, including ward-based clinical teaching, access to outpatient clinics, labour ward and theatres at the appropriate identified level, group learning, private study, courses, reflective practice, audit and quality improvement projects, regular teaching specific to grade and multi professional learning such as simulation, Trust Grand Rounds and other ad-hoc sessions.</p> <p>Following a curriculum mapping process a number of specialist clinics and meetings will need to be attended, details logged and case based discussions completed with your Educational and Clinical Supervisors.</p> <p>Every clinical interaction with senior colleagues and senior multi-professional colleagues should be considered as a learning opportunity and reflections should be made by you.</p>

Foundation doctors will be based at Darent Valley Hospital.</p> <p>The Directorate of Medicine aims to provide you with the opportunity to improve both your knowledge and practical skills when dealing with both acutely ill patients and patients with chronic medical conditions, both in the inpatient and non elective setting. You will gain experience in taking history, examining patients, formulating differential diagnosis and management plans, including prescribing, diagnostic work up and therapeutics. You will be working in the multidisciplinary team and will be supported by allied health professionals and ancillary specialties, e.g. palliative care, rheumatology, radiology etc.</p> <p>You will be supported during your time at Dartford and Gravesham NHS Trust by the College Tutor, a GMC approved named Educational Supervisor and a number of Clinical Supervisors, all of whom will contribute to your learning and educational development, complete work-based assessments and provide you with regular feedback regarding your progress.</p> <p>Medical education is delivered via a number of learning opportunities, including on the job ward round clinical teaching, clinics, endoscopy and on call for both acute selective take and ward cover. The formal teaching programme includes cadre specific teaching, specialty teaching, departmental grand rounds, M&M meetings, governance meetings and simulation.</p> <p>Whilst working in medicine the learning objectives are to:</p> <ul style="list-style-type: none"> • Gain experience and knowledge of acute medical emergencies

	<ul style="list-style-type: none"> • Gain experience and knowledge of chronic medical conditions • Attain basic knowledge across a spectrum of medical specialties common to the needs of a general physician • Develop a solid platform of knowledge, competencies and experience sufficient to allow progression to enter specialty training in medicine • Learn team working, time management and clinical prioritisation skills. <p><u>Stroke Medicine</u> Provides an excellent opportunity to learn the skills and gain experience in managing acutely unwell patients presenting with strokes, including bleeds, TIAs and stroke mimics. DVH is a regional HASU and Thrombolysis Centre and juniors will have the opportunity to manage patients on the ward following administration of fibrinolytics. Day-to-day work involves working closely with the large multidisciplinary team during rehabilitation, investigation of the aetiology of the stroke/TIA, optimising risk factors for future stroke and managing post-stroke medical complications.</p>
<p>Main duties and further information about the placement</p>	<p>The focus will be on learning clinical medicine and developing your clinical skills and providing clinical exposure and experience in a supportive environment. This is achieved by:</p> <ul style="list-style-type: none"> • Participating in teaching ward rounds • Learning clinical prioritization and time management skills in managing jobs, procedures, specialty referrals, EDNs, communicating with patients, families and MDT, collaborative team working and learning to navigate the NHS. • Performing bedside procedures, attend clinics and have exposure to other specialty referrals • Attending cancer MDTs and endoscopic therapeutics and diagnostics • Learning about imaging and histopathology • Learning the skills required for being on call for both acute selective take and ward cover • Clinical governance: M&M, Audit/QIP, presentations/publications
<p>Clinical Supervisor(s) <i>This may be subject to change</i></p>	<p>Dr Prasanna Aghoram Dr Samuel Sanmuhathan</p>
<p>Typical working pattern in the</p>	<p>F2 Mandatory teaching takes place on Tuesdays from 13:00 – 15:00 Example rota:</p>

placement. e.g. ward rounds, clinics, theatre

****It is important to note that this description is a typical example of the placement and may be subject to change****

Specialty	Trauma and Orthopaedics
Grade	F2
Trust	Dartford and Gravesham NHS Trust
Site name and address (include trust name if different to employing trust)	Darent Valley Hospital Darenth Wood Road, Dartford, Kent DA2 8DA
Type of work to expect and learning opportunities	<p>Dartford and Gravesham NHS Trust is based at Darent Valley Hospital. It offers a comprehensive range of acute hospital based services to around 400,000 people in North Kent and South East London. The hospital opened in September 2000 and now has 530 inpatient beds.</p> <p>The Trust provides some services at Queen Mary's Hospital, Sidcup and partners with tertiary Trusts: GSTT, KCH and NHNN. Foundation doctors will be based at Darent Valley Hospital.</p> <p>The Trauma and Orthopaedic Department is part of the Surgical Directorate. The department is well established with a regular intake of general trauma including multiple injured patients. There are several sub specialties including hip, knee, foot, ankle and upper limb surgery.</p> <p>The Orthogeriatric team will review all hip fractures aged 60 or over within 72 hours of admission. Patients admitted with other injuries who fall into this age group can also be discussed.</p> <p>The department holds a daily, Consultant-led trauma meeting whereby all referrals over the previous 24 hours are discussed and their corresponding radiographs displayed. This is a very valuable teaching opportunity and discussion is actively encouraged. Consultants will encourage open discussion about cases and promote learning about common Orthopaedic conditions.</p> <p>The department runs weekly Consultant-led departmental teaching. Teaching also takes place informally in clinics and theatres, where foundation doctors will have the support of a consultant or senior to guide them through their learning and development, both with hands-on experience and improving their knowledge base.</p> <p>The department supports doctors in training involvement in the monthly morbidity and mortality (M&M) meetings, as well as the departmental audit meeting. M&M meetings occur once a month and provide a valuable insight into complications that occur, as well as acutely ill patients that have died. It is from these meetings that we can learn from our mistakes and ensure that we can improve our day to day practice. Audits can also be presented at the M&M meetings and all registrars should take</p>

	<p>on at least one project and present it during their time at Darent Valley Hospital. Many people go on to achieve poster and podium presentations, as well as the occasional publication.</p>
<p>Main duties and further information about the placement</p>	<p>The daily ward round is often SHO led. Registrar and Consultant led ward rounds occur during the week. All SHOs are welcome to attend theatre sessions. Clinics present a valuable learning resource and your attendance is encouraged.</p> <p>The work for the ward SHO is to facilitate a direct contact for the nurses, for any jobs. You can also spend time with the plaster room technicians. Teaching opportunities within the department; Trauma meeting, Fracture Clinics, Departmental Teaching and Morbidity and Mortality Meetings</p>
<p>Clinical Supervisor(s) <i>This may be subject to change</i></p>	<p>Mr Anoop Anugraha Mr Loren Charles Mr Krissen Chettiar Mr Manish Kiran Ms Maureen Monda Mr Daniel Neen Mr Mark Norris Mr Ravinder Singh Mr Michael Thilagarajah</p>
<p>Typical working pattern in the placement. e.g. ward rounds, clinics, theatre</p>	<p>Example working pattern:</p> <p>Mon: 08:00 – 17:00 Tues: 08:00 – 17:00 (F2 Teaching 13:00-15:00) Wed: 08:00 – 17:00 Thur: 08:00 – 20:30 Fri: 08:00 – 17:00 Sat: OFF Sun: OFF</p> <p>Mon: 08:00 – 17:00 Tues 08:00 – 17:00 (F2 Teaching 13:00-15:00) Wed: 08:00 – 20:00 – Day on call Thur: 14:00 – 22:00 Fri: 14:00 – 22:00 Sat: OFF Sun: OFF</p>

Specialty	Urology
Grade	F2
Trust	Dartford and Gravesham NHS Trust
Site name and address (include trust name if different to employing trust)	Darent Valley Hospital Darenth Wood Road, Dartford, Kent DA2 8DA
Type of work to expect and learning opportunities	<p>Dartford and Gravesham NHS Trust is based at Darent Valley Hospital. It offers a comprehensive range of acute hospital based services to around 400,000 people in North Kent and South East London. The hospital opened in September 2000 and now has 530 inpatient beds.</p> <p>The Trust provides some services at Queen Mary's Hospital, Sidcup and partners with tertiary Trusts: GSTT, KCH and NHNN. Foundation doctors will be based at Darent Valley Hospital.</p> <p>The Urology Department is part of the Surgical Directorate. It offers a wide range of urological procedures and has a stone service, which takes patients from the surrounding districts. The department has its own lithotripter and lasers to treat patients with kidney stones. Short stay prostate operations take place and the department has a Greenlight laser system for prostates.</p> <p>The department is highly active in clinical research.</p>
Main duties and further information about the placement	<p>The daily ward round is taken by the on call registrar at 08:00hrs on Redwood Ward, with the on call consultants in attendance and all patients are reviewed. Weekly consultant ward rounds also take place.</p> <p>When time allows, there is the opportunity to attend theatre (day-surgery list) for basic urology cases and to practice cystoscopy. FY2 doctors can attend clinics or theatre most days, however a lot of valuable experience can be gained in managing common urological problems on the inpatient wards, especially as there is a high turnover of patients.</p> <p>Whilst working in Urology you will carry out on calls in Surgery. This will provide you with exposure to deal with a variety of regular and emergency problems.</p>
Clinical Supervisor(s) <i>This may be subject to change</i>	<p>Mr Faqar Anjum Mr Srijit Banerjee Prof Sanjeev Madaan Mr Joseph Nariculam Ms Eleanor Ray Ms Maria Satchi Prof Seshadri Sriprasad</p>
