

Do you wish you could make the NHS more equitable?

Do you care about the environment and practicing more sustainably?

Maybe you want to learn more about patient centred care?

Then why don't you try:

enhance

Enhance is a self-guided programme to help improve your generalist skills. It is open to anyone who works for the NHS, but it is particularly aimed at FY1s and FY2s. Find out more at www.kss.hee.nhs.uk/enhance
