How to get to the Royal Surrey Postgraduate Centre

By Train

Trains arrive from Waterloo and Portsmouth around every 20 mins. You can then take the bus route 5 to the hospital and route 4 back to the train station. Or if you prefer it is about a 35-40 min walk.

By car

There is visitor parking at the hospital but this is limited and pricey (£21.70 for the day).

A better option is to park free at Onslow Park and Ride and then it is a 15 minute walk .
