<b>Specialty</b>	Cardiology
<b>Grade</b>	<b>F1</b>
<b>Trust</b>	University Hospitals Sussex NHS Foundation Trust (East)
<b>Site name and address (include trust name if different to)</b>	<b>Royal Sussex County Hospital, Eastern Road, Brighton BN2 5BE.</b>
<b>Type of work to expect and learning opportunities</b>	<p>Ward management of admitted patients. Investigation and treatment of acutely unwell patients. Chronic disease management. Opportunity to learn practical procedures such as ascitic drains and formal protected teaching once a week.</p> <p>All F1 Doctors in hospital posts will generally be ward based during the 'normal' working day and expected to deliver the daily medical care of all the patients on their ward irrespective of specialty. All tasks covered by e portfolio core competencies.</p> <p>The overall educational objectives of the F1 year are to provide the doctor with the knowledge, skills and attitudes to be able to:</p> <ul style="list-style-type: none"> <li>• Take a history and examine a patient.</li> <li>• Identify and synthesise problems.</li> <li>• Prescribe safely.</li> <li>• Keep an accurate and relevant medical record.</li> <li>• Manage time and clinical priorities effectively.</li> <li>• Communicate effectively with patients, relatives and colleagues.</li> <li>• Use evidence, guidelines and audit to benefit patient care.</li> <li>• Act in a professional manner always</li> <li>• Cope with ethical and legal issues which occur during the management of patients with general medical problems.</li> <li>• Educate patients effectively.</li> <li>• Become life-long learners and teachers</li> </ul>
<b>Main duties and further information about the placement</b>	Clerking, clinical review of patients, drug chart and TTO write-ups. Ward rounds then performing jobs generated. Reviewing sick patients. Writing in the notes during ward rounds, prescribing, ensuring all investigations and requests are up to date.
<b>Clinical Supervisor(s)</b> <i>This may be subject to change</i>	One of the Cardiology Consultants will be the Clinical Supervisor.
<b>Typical working pattern in the placement.</b> e.g. ward rounds, clinics, theatre	<p>Typical working pattern in this post e.g. ward rounds, clinics, theatre sessions Daily/weekly/monthly (if applicable)</p> <p>Mon: Consultant led ward round and ward duties Tues: Consultant led ward round and ward duties. Lunchtime FY1 teaching. Wed: Consultant led ward round and ward duties Thurs: Consultant led post take ward round and ward duties. Fri: Consultant led ward round and ward duties.</p> <p><i>On call requirements:</i> weekly on call evenings + 1 in 4 weekends on call. Please note the above may be subject to change, further details will be in your work schedule.</p>
<b>For further information, please contact the Local Education Provider (LEP)</b>	Link to specific trust information page on KSS website will be included here- <a href="https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/">https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/</a>

\*\*It is important to note that this description is a typical example of the placement and may be subject to change\*\*

<b>Specialty</b>	Emergency Medicine
<b>Grade</b>	F1
<b>Trust</b>	University Hospitals Sussex NHS Foundation Trust (East)
<b>Site name and address (include trust name if different to employing trust)</b>	<b>Royal Sussex County Hospital, Eastern Road, Brighton BN2 5BE and the Princess Royal Hospital, Lewes Road, Haywards Heath RH16 4EX.</b>
<b>Type of work to expect and learning opportunities</b>	<p>The F1 doctor will work in the Clinical Decision Unit attached to the Emergency department. They will join the consultant for the ward round and complete any outstanding jobs from it. This also provides easy access to consultant teaching and the ability to do WPBAs easily. They should be available if needed to support the smooth running of this ward area throughout their shift. After the ward round the F1 doctor will be free to come to the Majors area to assess new patients under the supervision of a Consultant or middle grade doctor. This allows them to see the breath of Emergency care from the front door to those admitted under the Emergency Consultants.</p> <p>The F1 doctor is expected to clerk patients and present all their patients to a middle grade or Consultant doctor before referral or discharge.</p>
<b>Main duties and further information about the placement</b>	<p>Our F1s have some administrative duties to support the clinical governance of the ED. In addition the F1 on the early morning shift at RSCH site is expected to do discharge summaries for patients returning to the care of their GPs.</p> <p>This post gives a unique opportunity to see a broad range of conditions and procedures, with a high degree of direct Consultant input.</p>
<b>Clinical Supervisor(s)</b> <i>This may be subject to change</i>	A Consultant from the department will be the Clinical Supervisor.
<b>Typical working pattern in the placement.</b> e.g. ward rounds, clinics, theatre	<p><b>Please note that this post will include shifts at both the Brighton and Haywards Heath sites, including weekends and late shifts finishing at 9pm.</b></p> <p>Shifts will be 08:00 – 17:00 or 12-21:00 clerking shifts. Consultant ward round will usually start between 08:30 and 09:00. Once the ward round is finished, there may be ward jobs to do including some discharges.</p> <p>There are specific clerking shifts timetabled into the rota. You are expected to present to the Emergency Consultant managing the department and will be assigned an area within the department.</p> <p>Teaching is on a Wednesday from 8-10. You are expected to also go to your Foundation teaching every other week.</p>
<b>For further information, please contact the Local Education Provider (LEP) administrative contact</b>	Link to specific trust information page on KSS website will be included here- <a href="https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/">https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/</a>

<b>Specialty</b>	General Internal Medicine - Acute
<b>Grade</b>	F1
<b>Trust</b>	University Hospitals Sussex NHS Foundation Trust (East)
<b>Site name and address (include trust name if different to</b>	<b>Princess Royal Hospital, Lewes Road Haywards Heath RH16 4EX.</b>
<b>Type of work to expect and learning opportunities</b>	<p>General Medicine with on calls in acute medicine. Ward management of admitted patients. Investigation and treatment of acutely unwell patients. Chronic disease management. Opportunity to learn practical procedures and formal protected teaching once a week.</p> <p>All F1 Doctors in hospital posts will generally be ward based during the 'normal' working day and expected to deliver the daily medical care of all the patients on their ward irrespective of specialty. All tasks covered by e portfolio core competencies.</p> <p>The overall educational objectives of the F1 year are to provide the doctor with the knowledge, skills and attitudes to be able to:</p> <ul style="list-style-type: none"> <li>• Take a history and examine a patient!</li> <li>• Identify and synthesise problems.</li> <li>• Prescribe safely.</li> <li>• Keep an accurate and relevant medical record.</li> <li>• Manage time and clinical priorities effectively.</li> <li>• Communicate effectively with patients, relatives and colleagues.</li> <li>• Use evidence, guidelines and audit to benefit patient care.</li> <li>• Act in a professional manner always</li> <li>• Cope with ethical and legal issues which occur during the management of patients with general medical problems.</li> <li>• Educate patients effectively.</li> <li>• Become life-long learners and teachers</li> </ul>
<b>Main duties and further information about the placement</b>	Duties include requesting investigations and referrals, talking to patients and relatives, prescribing, procedures (ABG, venepuncture and cannulation), TTOs. On-call full clerking and basic management of patients. Whilst on call - clerking acute medical admissions / ward cover.
<b>Clinical Supervisor(s)</b> <i>This may be subject to change</i>	A Consultant in the department will be the Clinical Supervisor.
<b>Typical working pattern in the placement.</b> e.g ward rounds, clinics, theatre	<p>Typical working pattern in this post includes daily ward work and will also include weekday nights and weekend work, and you will be part of the on-call rota.</p> <p>F1 teaching at PRH take place every other Wednesday afternoon via a Teams link, and there is also a weekly Medicine meeting every Wednesday. There are opportunities for bedside teaching (as outlined above) and ad hoc teaching and skills sessions in the Euan Keat Education Centre, PRH.</p> <p>Please note the above may be subject to change, further details will be in your work schedule.</p>
<b>For further information, please contact the Local Education Provider (LEP) administrative contact</b>	Link to specific trust information page on KSS website will be included here- <a href="https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/">https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/</a>

**\*\*It is important to note that this description is a typical example of the placement and may be subject to change\*\***

<b>Specialty</b>	General Internal Medicine - Acute
<b>Grade</b>	F1
<b>Trust</b>	University Hospitals Sussex NHS Foundation Trust (East)
<b>Site name and address</b> <i>(include trust name if different to)</i>	<b>Royal Sussex County Hospital, Eastern Road Brighton BN2 5BE.</b>
<b>Type of work to expect and learning opportunities</b>	<p>Training and learning opportunities you can expect in this post are listed below. At your Induction meeting with your Clinical Supervisors, you should discuss your aims and objectives for this post and personalise your work schedule accordingly.</p> <ul style="list-style-type: none"> <li>You will work as part the AMU team, which consists of 3 F1s, an F2, an ACCS doctor a CMT and an SpR, although as a result of the on call commitment and leave it is rare that all are present at the same time. The actual work and times vary to ensure there is cover on the AMU from 08.00-21.00.</li> <li>During the AMU post you will attend the daily morning handover meeting and participate in the daily consultant ward rounds, which occur in the morning and afternoon of all patients under the care of the AMU team.</li> <li>You will be responsible for creation of the up to date patients list, documenting the ward round in the patients notes, ensuring that investigations and speciality opinions are requested, chasing and acting on the investigation results and speciality opinion as well as ensuring patients, relatives and nurses are aware of the diagnosis and on-going plan, there will always be an AMU doctor until 21.00 to allow for jobs and work to be completed after the second consultant ward round.</li> <li>The post also has an on call commitment during which includes responsible for clerking new patients and formulating a management plan which can be presented to the consultant on call.</li> </ul> <p>There are many opportunities to learn procedures, LPs, ascitic taps and drains, pleural taps and drains as the majority of patients seen are new patients who required investigations, but in addition the AMU also runs the Ambulatory care unit where the elective drains are done.</p> <ul style="list-style-type: none"> <li>AMU runs the weekly 'hot cases' an informal discussion of interesting patients as well as the monthly mortality and morbidity meeting.</li> <li>Additional learning opportunities include the Foundation teaching (F1 weekly, F2 every fortnight) and the weekly Grand Round.</li> </ul> <p>You will be encouraged and supported to do audits, service evaluation and service improvement projects.</p>
<b>Main duties and further information about the placement</b>	<p>As described above.</p> <p>This post will include out-of-hours and weekend hours as part of the wider Medicine team. Typical work involved during these shifts may include clerking in A&amp;E, clerking for the medical on-call team, or on the acute assessment ward/frailty unit. As well as providing our patients with the care they need at the weekend they are of great educational benefit as these shifts will involve looking after newly admitted patients (with appropriate supervision).</p>
<b>Clinical Supervisor(s)</b> <i>This may be subject to change</i>	A Consultant from the department will be the Clinical Supervisor.

<p><b>Typical working pattern in the placement.</b> e.g ward rounds, clinics, theatre</p>	<p>The work pattern is a full shift Monday-Sunday.</p> <p>Shifts are managed on Health Rota, an online based rota that allow swaps, leave to be allocated in advance and with equity.</p> <p>Please note the above may be subject to change, further details will be in your work schedule.</p>
<p><b>For further information, please contact the Local Education Provider (LEP) administrative contact</b></p>	<p>link to specific trust information page on KSS website will be included here- <a href="https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/">https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/</a></p>

**\*\*It is important to note that this description is a typical example of the placement and may be subject to change\*\***

<b>Specialty</b>	General Surgery
<b>Grade</b>	F1
<b>Trust</b>	University Hospitals Sussex NHS Foundation Trust (East)
<b>Site name and address (include trust name if different to employing trust)</b>	<b>Royal Sussex County Hospital, Eastern Road, Brighton BN2 5BE.</b>
<b>Type of work to expect and learning opportunities</b>	<p>Post-operative management and discharge planning. Management of a mixture of elective and emergency LGI &amp; UGI surgical patients. Some theatre time. Ward based post. Admission, investigation and management of acute and elective surgical patients. Opportunity to learn practical procedures and formal protected teaching once a week.</p> <p>All F1 Doctors in hospital posts will generally be ward based during the 'normal' working day and expected to deliver the daily medical care of all the patients on their ward irrespective of specialty. All tasks covered by e portfolio core competencies.</p> <p>The overall educational objectives of the F1 year are to provide the doctor with the knowledge, skills and attitudes to be able to:</p> <ul style="list-style-type: none"> <li>• Take a history and examine a patient.</li> <li>• Identify and synthesise problems.</li> <li>• Prescribe safely.</li> <li>• Keep an accurate and relevant medical record.</li> <li>• Manage time and clinical priorities effectively.</li> <li>• Communicate effectively with patients, relatives and colleagues.</li> <li>• Use evidence, guidelines and audit to benefit patient care</li> <li>• Act in a professional manner always</li> </ul> <p>Cope with ethical and legal issues which occur during the management of patients with general medical problems.</p>
<b>Main duties and further information about the placement</b>	Ward round duties and note taking, ward jobs arising from the round or otherwise. Requesting imaging, dealing with jobs/problems as they occur. Assisting in theatre. Venepuncture, canulation, ABGs. Clerking patients on take when on call. TTOs, discharge planning.
<b>Clinical Supervisor(s)</b> <i>This may be subject to change</i>	One of the General Surgery Consultants will be the Clinical Supervisor.
<b>Typical working pattern in the placement.</b> e.g. ward rounds, clinics, theatre	<p>General Surgery is based in the Digestive Disease Centre – Millennium Building.</p> <p>Monday to Sunday 08.00 handover in 9A Seminar room followed by consultant led ward round. PM jobs arising from ward round.</p> <p>Every other Wednesday 14:00 – 17:00 Trust Foundation Teaching and Thursday 1 - 2pm departmental teaching Seminar room.</p> <p>On-call commitment as per rota.</p> <p>Please note the above may be subject to change, further details will be in your work schedule.</p>
<b>For further information, please contact the Local Education Provider (LEP)</b>	Link to specific trust information page on KSS website will be included here- <a href="https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/">https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/</a>

**\*\*It is important to note that this description is a typical example of the placement and may be subject to change\*\***

<b>Specialty</b>	Gynaecology-Oncology
<b>Grade</b>	F1
<b>Trust</b>	University Hospitals Sussex NHS Foundation Trust (East)
<b>Site name and address (include trust name if different to employing trust)</b>	<b>Royal Sussex County Hospital – Eastern Road, Brighton BN2 5BE – post may also include work at other sites.</b>
<b>Type of work to expect and learning opportunities</b>	<p>This post provides an excellent opportunity in a closely supervised setting to gain experience in the management of both emergency and elective gynaecological problems. Mainly post-op management of gynae-oncology patients.</p> <p>Opportunities for acute clerking of patients in gynaecology assessment unit and assisting in gynaecology theatres.</p> <p>Alternate weeks are spent doing ward work and in the other week some operating list assistance and the opportunity to attend teaching at the Breast Centre at Preston Park Brighton by Mr. Charles Zammit. This would therefore be an ideal post for those considering O&amp;G as a career, but equally an important basic grounding in gynaecology for those considering primary care or a surgical speciality.</p>
<b>Main duties and further information about the placement</b>	<p>The gynaecology ward unit is situated on Level 11 of the tower block and, consists of a 9-bed ward, a Gynae Assessment Unit and an Early Pregnancy Assessment Clinic. There is a dedicated Outpatients Department and Colposcopy Unit within the hospital. The Gynae Cancer Centre for Sussex is located at the Royal Sussex County Hospital and many of the elective inpatients on the ward are Gynae-Oncology patients. Gynae Oncology surgical patients are operated in the main theatre suite at RSCH and Gynaecological emergencies are also managed through the RSCH whilst elective benign gynaecological patients tend to be operated on at PRH or Lewes (please note the during this rotation doctors will not go to PRH or Lewes).</p> <p>All F1 Doctors in hospital posts will generally be ward based during the 'normal' working day and expected to deliver the daily medical care of all the patients on their ward irrespective of speciality. All tasks covered by e portfolio core competencies.</p> <p>The overall educational objectives of the F1 year are to provide the doctor with the knowledge, skills, and attitudes to be able to:</p> <ul style="list-style-type: none"> <li>• Take a history and examine a patient.</li> <li>• Identify and synthesize problems.</li> <li>• Prescribe safely.</li> <li>• Keep an accurate and relevant medical record.</li> <li>• Manage time and clinical priorities effectively.</li> <li>• Communicate effectively with patients, relatives, and colleagues.</li> <li>• Use evidence, guidelines, and audit to benefit patient care.</li> <li>• Act in a professional manner always</li> <li>• Cope with ethical and legal issues which occur during the management of patients with general medical problems.</li> <li>• Educate patients effectively</li> </ul> <p>Become life-long learners and teachers hospitals.</p>

<b>Clinical Supervisor(s)</b> <i>This may be subject to change</i>	Mr. Peter Larsen-Disney or other Consultants in the department.
<b>Typical working pattern in the placement.</b> e.g ward rounds, clinics, theatre	Alternate weeks are spent doing ward work and in the other week some operating list assistance. <b>This post will include working as part of the weekend A&amp;E rota – you will work 3 weekends in A&amp;E per 4-month rotation.</b> You will be given two days off in lieu the week before or after these shifts.
<b>For further information, please contact the Local Education Provider (LEP) administrative contact</b>	Link to specific trust information page on KSS website will be included here- <a href="https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/">https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/</a>

<b>Specialty</b>	Paediatrics
<b>Grade</b>	F1
<b>Trust</b>	University Hospitals Sussex NHS Foundation Trust (East)
<b>Site name and address (include trust name if different to employing trust)</b>	<b>Royal Alex Children's Hospital – at the Royal Sussex County Hospital Site, Eastern Road, Brighton BN2 5BE</b>
<b>Type of work to expect and learning opportunities</b>	<p>The Royal Alexandra Children's Hospital in Brighton provides a comprehensive training experience in general paediatrics, paediatric emergency medicine and some areas of subspecialty paediatrics.</p> <p>There are medical and surgical paediatric inpatient wards, medical and surgical day care units, oncology day care unit, high dependency unit and a dedicated children's emergency department (CED). Foundation doctors will predominantly be based in the ward areas, but there are opportunities to work in CED and to observe out- patient clinics.</p> <p>We work alongside the paediatric surgical unit and the post-holder will be involved in the care of both medical and surgical patients.</p> <p>The paediatric junior rota allows flexibility and fulfils requirements for self-development time. Foundation doctors will be on-call in the ward areas with a registrar, with consultant non-resident on call. There is a second on-call team in the CED, with a consultant resident in the hospital until 10pm, based in CED.</p> <p>The paediatric department receives consistently good feedback on its education programme.</p> <p>In addition to clinical teaching and supervision, there is a paediatric departmental teaching programme which includes weekly simulation sessions.</p>
<b>Main duties and further information about the placement</b>	<p>Working as part of the medical in-patient ward team, including participating in ward rounds</p> <p>Providing support for paediatric medical day care unit</p> <p>Experience in CED (Children's Emergency Department)</p>
<b>Clinical Supervisor(s)</b> <i>This may be subject to change</i>	A Paediatric Consultant will be assigned as the Clinical Supervisor.
<b>Typical working pattern in the placement.</b> e.g ward rounds, clinics, theatre	<p>Paediatric in-patient medical ward</p> <ul style="list-style-type: none"> <li>-daily ward rounds medical day care unit</li> <li>-daytime support and care of wide range of patients attending for elective procedures Children's Emergency Department (CED)</li> <li>-Reviewing patients under close senior supervision</li> </ul> <p>Paediatric out-patient clinics</p> <ul style="list-style-type: none"> <li>-observation, including allied health professionals and subspecialty clinics</li> </ul>

**\*\*It is important to note that this description is a typical example of the placement and may be subject to change\*\***

<b>Specialty</b>	Anaesthetics ITU
<b>Grade</b>	F2
<b>Trust</b>	University Hospitals Sussex NHS Foundation Trust (East)
<b>Site name and address (include trust name if different to employing trust)</b>	<b>Royal Sussex County Hospital, Eastern Road Brighton BN2 5BE and Princess Royal Hospital, Lewes Road Haywards Heath RH16 4EX - N.B. this post will involve time based at both hospital sites. Please see below for additional details.</b>
<b>Type of work to expect and learning opportunities</b>	Pre-operative assessment and intra-operative care of adult patients. Airway management, intravenous access, invasive monitoring, ultrasound skills, assessment, and resuscitation of sick patients.
<b>Main duties and further information about the placement</b>	Anaesthetics ITU clinical. Anaesthetics PRH allows for exposure to high turnover lists with lots of airway management opportunities in the first month before moving to RSCH where there are more complex lists, CEPOD, Trauma and the sub-specialties. Then two months in PRH ICU.
<b>Clinical Supervisor(s)</b> <i>This may be subject to change</i>	A Consultant from the department will be the Clinical Supervisor.
<b>Typical working pattern in the placement.</b> e.g ward rounds, clinics, theatre	Normal days will be in theatre or ITU. There is a regular Foundation teaching program.  <b>This placement will be one-month Anaesthetics PRH and one month at RSCH. Then a two-month placement at PRH ICU (with the potential to have some time spent at RSCH ICU).</b>  Please note, your job will include working as part of the UHS acute floor/A&E rota. You will be expected to do a total of 5 weekends in the 4-month job on the acute floor (working 08:00-17:00 or 12:00-21:00 at either site - RSCH or PRH). Your work schedule will include these weekends and allows the appropriate weekend enhancements (7.5%). Foundation doctors are given two days off in-lieu the week before or after these shifts. The work involved is single clerking in A&E to point of discharge or admission to medical team. You will be based in majors and not urgent care. As well as providing our patients with the care they need at the weekend they are of great educational benefit as these shifts will involve looking after newly admitted patients (with appropriate supervision) and therefore keeping acute clinical skills up to date.  The supplement is 7.5% because it less frequent than 1 weekend in 3 and greater than or equal to 1 weekend in 4.
<b>For further information, please contact the Local Education Provider (LEP) administrative contact</b>	Link to specific trust information page on KSS website will be included here- <a href="https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/">https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/</a>

**\*\*It is important to note that this description is a typical example of the placement and may be subject to change\*\***

<b>Specialty</b>	Community Paediatrics
<b>Grade</b>	F2
<b>Trust</b>	University Hospitals Sussex NHS Foundation Trust (East)
<b>Site name and address (include trust name if different to employing trust)</b>	<b>We have 3 community paediatric posts: one is based at Seaside View, Elm Grove Brighton, one is based at Chailey Heritage, North Chailey BN8 4EF and the other one is based at the Child Development Centre, Nightingale Primary Care Centre, Haywards Heath RH16 4BN. These community posts also include work at the Royal Alexandra Children's Hospital – Royal Sussex County Site, Eastern Road, Brighton BN2 5BE.</b>
<b>Type of work to expect and learning opportunities</b>	<p>The Seaside View Child Development Centre, Child Development Centre Haywards Heath and Chailey Heritage each host one Foundation doctor at a time for their 4-month paediatric community placement.</p> <p>Time will also be spent in general paediatrics at the Royal Alexandra Children's Hospital.</p> <p>During their community placement the doctor will be released for attendance at Foundation Teaching and other education, mandatory and statutory training as required by their employer.</p> <p>During the community placement, the doctor will experience several specialist clinics and will also work closely with clinic teams, complete letters, forms and referrals, and presenting cases at meetings. The post may also offer experience in neurodevelopmental conditions, including the opportunity to join specialist Autism, genetic, epilepsy and neurology clinics. The clinical supervisor will encourage and support the completion of audits and similar activity.</p> <p>The doctor will gain a working knowledge of community child health services and the interface between community, social and hospital care.</p> <p>During time spent in general paediatrics, there will be hands-on experience with children, including good opportunity to practice paed exams, see common and rare disease, practice cannulation and venipuncture, learn child protection and safeguarding issues, opportunity to learn practical procedures, and formal protected teaching once every two weeks.</p>
<b>Main duties and further information about the placement</b>	<p>See above.</p> <p><b>The first month of your community paediatric placement will be based in our Royal Alexandra Children's hospital followed by 3 months in your community location.</b></p> <p>On the wards at the Royal Alexandra Children's Hospital the consultant of the week provides close supervision and teaching at the bedside and leads the daily post take ward rounds. This is enhanced by the fact that all consultants have sub-specialty interests. In the Children's Emergency Department, you will have the opportunity to assess and treat children with acute medical conditions and those with minor trauma. You will be always supported by an experienced registrar and a Paediatric Consultant is also on-site during evenings and at weekends.</p>

<p><b>Clinical Supervisor(s)</b> <i>This may be subject to change</i></p>	<p>Community Paediatricians will be assigned as the Clinical Supervisors for your 3 months in community and a Paediatric Consultant will be assigned from the department as your Clinical Supervisor for your one month in the hospital at RACH.</p>
<p><b>Typical working pattern in the placement.</b> e.g ward rounds, clinics, theatre</p>	<p>You will have the opportunity to attend outpatient clinics in community and general paediatrics and subspecialty clinics run by Brighton Consultant Paediatricians jointly with visiting consultants from other teaching centres. You will be freed up to attend the F2 teaching programme and are also welcome to attend the paediatric department's teaching sessions held on Monday and Friday lunchtimes. On Tuesday afternoons when the paediatric doctors have their teaching sessions you will cover their duties (and they reciprocate this for your teaching sessions). Please note the above may be subject to change, further details will be in your work schedule.</p> <p><b>Please note that you will also be rostered to work 4 weekends in the RACH Childrens Emergency Department during your 4-month rotation. You will receive the time back in lieu from your community placement.</b></p>
<p><b>For further information, please contact the Local Education Provider (LEP) administrative contact</b></p>	<p>Link to specific trust information page on KSS website will be included here- <a href="https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/">https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/</a></p>

**\*\*It is important to note that this description is a typical example of the placement and may be subject to change\*\***

<b>Specialty</b>	Paediatric Surgery
<b>Grade</b>	F2
<b>Trust</b>	University Hospitals Sussex NHS Foundation Trust (East)
<b>Site name and address (include trust name if different to employing trust)</b>	<b>Royal Alexandra Children's Hospital – on the site of the Royal Sussex County Hospital, Eastern Road, Brighton BN2 5BE.</b>
<b>Type of work to expect and learning opportunities</b>	Both emergency admissions and planned operations. A wide range of surgery is performed covering gastro-intestinal, urology and general paediatric and neonatal surgery, including endoscopy and laparoscopy. Also, ENT, maxillo-facial, eye surgery and orthopaedics are undertaken in the hospital.
<b>Main duties and further information about the placement</b>	The Foundation Doctor will be expected to assist the Consultants in the pre- and post-operative care of children requiring day case and elective surgery. They will attend the handover and morning ward round when on duty and manage the ward tasks resulting from this. There will be opportunity to attend outpatients' clinics and operating lists, with the consultant. In the Children's Emergency Department (CED), the Foundation Doctor will be expected to see children referred to the surgical team, in conjunction with the appropriate middle grade. This will enable learning of the management of the sick surgical child.
<b>Clinical Supervisor(s)</b> <i>This may be subject to change</i>	A Consultant in the department will be the Clinical Supervisor.
<b>Typical working pattern in the placement.</b> e.g. ward rounds, clinics, theatre	See above. Every other week there is Trust F2 teaching which the foundation doctor will be able to attend.
<b>For further information, please contact the Local Education Provider (LEP) administrative contact</b>	Link to specific trust information page on KSS website will be included here- <a href="https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/">https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/</a>

**\*\*It is important to note that this description is a typical example of the placement and may be subject to change\*\***

<b>Specialty</b>	Psychiatry
<b>Grade</b>	F2
<b>Trust</b>	University Hospitals Sussex NHS Foundation Trust (East)
<b>Site name and address (include trust name if different to employing trust)</b>	<b>Mill View Hospital, Neville Avenue, Hove BN3 7HY and various Psychiatric treatment locations operated by Sussex Partnership NHS Foundation Trust.</b>
<b>Type of work to expect and learning opportunities</b>	<p>The main psychiatric in-patient unit for working age adults is at Meridian Ward Mill View Hospital, Hove, and the corresponding unit for adults over 65 is situated on the Brunswick ward.</p> <p>Assessment, diagnosis and management (medical, behavioural and social) of dementia patients, sometimes with psychiatric problems.</p> <p>One post is based with CAMHS which is located at Haywards Heath.</p> <p>Management of the physical problems of patients on the ward with referral to Royal Sussex County Hospital when justified.</p> <p>Learning opportunities: diagnosis of subtypes of management, and multiple ways of managing associated cognitive, psychiatric behavioural and social features. Basic assessment of common physical problems.</p> <p>Clinic opportunities where see old age psychiatry patients in follow-ups. Weekly psychiatry teaching + journal clubs.
