****It is important to note that this description is a typical example of the placement and may be subject to change****

Specialty	Renal
Grade	F1
Trust	University Hospitals Sussex NHS Foundation Trust (West)
Site name and address (include trust name if different to employing trust)	Worthing Hospital Lyndhurst Road Worthing BN11 2DH
Type of work to expect and learning opportunities	There are 2 F1s, 2 SHOs and 2 registrars, plus 2 consultants who alternate with working 1 month on the ward and 1 month on ITU. With such a lot of senior support there are opportunities to learn both clinical knowledge (e.g. causes of acute kidney injury, regimens during initiation of renal replacement therapy) and skills (e.g. pleural taps, lumbar punctures).
Main duties and further information about the placement	The main duties are: daily ward round and the jobs that these generate, including practical procedures, writing referral letters and organising investigations. At the end of the day you assess blood test and other results and based on these make plans for the management of the patients overnight. There are opportunities to shadow in ITU, but it is usually very busy.
Clinical Supervisor(s) <i>This may be subject to change</i>	Dr Patrick Carr
Typical working pattern in the placement. e.g ward rounds, clinics, theatre	<p>Mon: AM: PM:</p> <p>Tues: AM: PM:</p> <p>Weds: AM: PM: Protected foundation teaching</p> <p>Thurs: AM: PM:</p> <p>Fri: AM: PM:</p> <p>Sat: AM: PM:</p> <p>Sun: AM: PM:</p> <p>On call requirements:</p>
For further information, please contact the Local Education Provider (LEP) administrative contact	Link to specific trust information page on KSS website will be included here- https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/

****It is important to note that this description is a typical example of the placement and may be subject to change****

Specialty	Respiratory
Grade	F1
Trust	University Hospitals Sussex NHS Foundation Trust (West)
Site name and address (include trust name if different to employing trust)	Worthing Hospital Lyndhurst Road Worthing BN11 2DH
Type of work to expect and learning opportunities	There are learning opportunities for many procedures including pleural taps and aspirates, as well as the chance to do ward round independently.
Main duties and further information about the placement	Each day comprises a ward round from 09:00 to about 12:30 where every patient is reviewed. After a 30min lunch break the afternoon is spent doing jobs generated from the ward round such as making referrals to other specialties, requesting scans, chasing test results, taking bloods and doing cannulas, sorting out patients who become acutely unwell. There are consultant ward rounds twice per week.
Clinical Supervisor(s) <i>This may be subject to change</i>	Dr Nick Adams
Typical working pattern in the placement. e.g ward rounds, clinics, theatre	<p>Mon: AM: PM:</p> <p>Tues: AM: PM:</p> <p>Weds: AM: PM: Protected foundation teaching</p> <p>Thurs: AM: PM:</p> <p>Fri: AM: PM:</p> <p>Sat: AM: PM:</p> <p>Sun: AM: PM:</p> <p>On call requirements:</p>
For further information, please contact the Local Education Provider (LEP) administrative contact	Link to specific trust information page on KSS website will be included here- https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/

****It is important to note that this description is a typical example of the placement and may be subject to change****

Specialty	Gastroenterology
Grade	F1
Trust	University Hospitals Sussex NHS Foundation Trust (West)
Site name and address (include trust name if different to employing trust)	Worthing Hospital Lyndhurst Road Worthing BN11 2DH
Type of work to expect and learning opportunities	The care of in patients with general medical and gastroenterological disease
Main duties and further information about the placement	Participate in the care of patients under the supervision of the Gastroenterology consultants. Participate in the acute medical take. Opportunities to observe endoscopy sessions, clinics and specialist clinical meetings.
Clinical Supervisor(s) <i>This may be subject to change</i>	Dr Anna Roskilly
Typical working pattern in the placement. e.g ward rounds, clinics, theatre	<p>Mon: AM: Consultant ward round PM:</p> <p>Tues: AM: Consultant ward round PM:</p> <p>Weds: AM: PM: Protected foundation teaching</p> <p>Thurs: AM: PM:</p> <p>Fri: AM: Consultant ward round PM:</p> <p>Sat: AM: PM:</p> <p>Sun: AM: PM:</p> <p>On call requirements:</p>

****It is important to note that this description is a typical example of the placement and may be subject to change****

Specialty	General Psychiatry																							
Grade	F1																							
Trust	University Hospitals Sussex NHS Foundation Trust (West) - Sussex Partnership NHS Foundation Trust																							
Site name and address (include trust name if different to employing trust)	Mental Health Liaison Team, Worthing General Hospital																							
Type of work to expect and Main duties and further information about the placement	<p>This is a FY1 post based at Worthing General Hospital in the Mental Health Liaison Team. This service provides urgent mental health assessments for patients who are referred to us within Worthing Hospital, from the A&E department and hospital wards. The FY1 doctor will learn how to assess patients presenting with a wide range of mental illness, including psychiatric history taking, mental state examination, risk assessment and formulating management plans. They will learn about the overlap between physical and mental illness and how to complete holistic assessments, and will be able to develop more advanced communication skills.</p> <p>This placement is with the 'working age' Mental Health Liaison Team, seeing patients aged 17-65, but there will be opportunity to assess older adults aged over 65 (and child and adolescent services if the postholder is interested).</p> <p>One day a week will be spent working with the acute medical team on the Emergency Floor at Worthing General Hospital, to ensure the FY1 doctor gains necessary medical experience and skills as part of their training.</p> <p>This is a 4 month placement, as part of the Year 1 KSS Foundation School training programme.</p>																							
Clinical Supervisor(s) <i>This may be subject to change</i>	<p>The doctor will always have direct access to an appropriate senior colleague for advice in any clinical situation. In most situations between 9:00-17:00 this will be the Consultant Liaison Psychiatrist, Dr Claire Jones, who will also act as the clinical supervisor for training and quality assurance purposes and will offer on average one hour per week direct face to face clinical supervision. There are also other doctor psychiatrists, a team lead and clinical nurse specialist available to give clinical advice and supervision where appropriate.</p>																							
Typical working pattern in the placement. e.g ward rounds, clinics, theatre	<p>Indicative Timetable</p> <table border="1"> <thead> <tr> <th></th> <th>Monday</th> <th>Tuesday</th> <th>Wednesday</th> <th>Thursday</th> <th>Friday</th> </tr> </thead> <tbody> <tr> <td>a.m.</td> <td>MH assessments, supervision and Balint</td> <td>Day Release EF Worthing</td> <td>MH assessment</td> <td>MH assessment</td> <td>MH assessment</td> </tr> <tr> <td>p.m.</td> <td>MH assessments</td> <td>Day Release EF Worthing</td> <td>Academic Teaching</td> <td>MH assessment</td> <td>MH assessment</td> </tr> </tbody> </table>							Monday	Tuesday	Wednesday	Thursday	Friday	a.m.	MH assessments, supervision and Balint	Day Release EF Worthing	MH assessment	MH assessment	MH assessment	p.m.	MH assessments	Day Release EF Worthing	Academic Teaching	MH assessment	MH assessment

Specialty	General Psychiatry					
Grade	F1					
Trust	University Hospitals Sussex NHS Foundation Trust (West) Forget Me Not Unit, Swandean, Worthing					
Site name and address (include trust name if different to employing trust)	Worthing Hospital Lyndhurst Road Worthing BN11 2DH					
Type of work to expect and learning opportunities						
Main duties and further information about the placement	<p>This is a 4-month placement, as part of the Year 1 KSS Foundation School training programme.</p> <p>This FY1 post is based four days per week at the Forget Me Not Unit, which comprises three 10-bedded specialist dementia inpatient wards.</p> <p>The majority of people with dementia can live within the community. A very small proportion will have more complex care needs which require specialist care in a dedicated setting. Specialist dementia wards support people with dementia to allow them to safely move to a community-based environment, such as their own home or, more commonly, a care home. The FY1 doctor is tasked with monitoring and managing the physical and mental health of these patients, managing complex and often unmet needs of these patient in a holistic way as part of a multidisciplinary team with support from Specialty Doctors and a Consultant Old Age Psychiatrist.</p> <p><i>One day per week is spent working on the Emergency Floor at Worthing Hospital.</i></p>					
Clinical Supervisor(s) <i>This may be subject to change</i>	The doctor will always have direct access to an appropriate senior colleague for advice in any clinical situation. In most situations between 9:00-17:00 this will be the Specialty Doctor. The consultant will also act as the Clinical Supervisor for training and quality assurance purposes and will offer on average one hour per week direct face-to-face clinical supervision.					
Typical working pattern in the placement. e.g ward rounds, clinics, theatre		Monday	Tuesday	Wednesday	Thursday	Friday
	a.m.	Ward Work	EF day release	Ward Work	Ward Work	Ward Work / supervision
	p.m.	Ward Work	EF day release	Academic Programme	Ward Review	Clinical admin
	Indicative Timetable

****It is important to note that this description is a typical example of the placement and may be subject to change****

Specialty	General Surgery – Upper GI / Breast
Grade	F1
Trust	University Hospitals Sussex NHS Foundation Trust (West)
Site name and address (include trust name if different to employing trust)	Worthing Hospital Lyndhurst Road Worthing BN11 2DH
Type of work to expect and learning opportunities	The job of an FY1 on a daily basis is predominately administrative and being extremely organised is the key to being successful. Pre-operative clinical assessments, Peri-operative theatre exposure i.e. scrubbing in and assisting the surgeon in theatre, post-operative patient care- Ward work, On-call surgical rota with a larger exposure to other surgical disciplines with acute surgical admission and emergencies. MDT preparation and presentation weekly
Main duties and further information about the placement	<ul style="list-style-type: none"> • Having an updated inpatient list for ward rounds and other members of the team. This should include, reason for patients admission, diagnosis, investigation results and plan. There should also be a column for any further jobs that may need implementing. • To ensure jobs that may arise during ward round are completed and results chased up. • If a review from another speciality has been requested, it is important you act upon their recommendations if appropriate. • You are the first port of call for any patient on the ward, therefore if a patient becomes acutely unwell you will be contacted first. It is important to be aware that there is help available from your other team members and you should always ask for it if you feel you are not able to cope. • Also, you may be asked to speak to family members about the patient's condition. • At Worthing hospital, you are required to conduct pre-assessment clinics for elective operations. Here, you assess the fitness for surgery for each patient and to discuss any uncertainties with the anaesthetist. This is an effective learning environment if you get complicated patients. • You are expected to do one on-call ever 3-4weeks, probably the best learning opportunity available to practice history taking, examination and procedural skills. Again, whilst on-call you are expected to attend to patients who have been admitted under your take if they become acutely unwell and also attend to any new incoming patients
Clinical Supervisor(s) <i>This may be subject to change</i>	Mr Riccardo Bonomi

<p>Typical working pattern in the placement. e.g ward rounds, clinics, theatre</p>	<p> Mon: AM: PM: Tues: AM: PM: Weds: AM: PM: Protected foundation teaching Thurs: AM: PM: Fri: AM: PM: Sat: AM: PM: Sun: AM: PM: On call requirements: 1 in 6 </p>

****It is important to note that this description is a typical example of the placement and may be subject to change****

Specialty	Cardiology
Grade	F2
Trust	University Hospitals Sussex NHS Foundation Trust (West)
Site name and address (include trust name if different to employing trust)	Worthing Hospital Lyndhurst Road Worthing BN11 2DH
Type of work to expect and learning opportunities	There is always something interesting to do on the ward such as ascetic drains, pleural taps, LPs and the cases are varied.
Main duties and further information about the placement	It is largely ward based with around 15 patients on Courtlands/CCU and around 6 heart failure patients on Eartham. Courtlands also sometimes has renal outliers who are looked after by the renal team. Patients on Courtlands/CCU consist of those who have had elective angio/PCI as well as general medical patients. Duties include taking part in ward rounds, arranging investigations, monitoring bloods, managing acutely unwell patients, liaising with other medical teams as required, clerking patients admitted directly to CCU. Every other Friday there is a cardioversion list which you will be allowed to do also. Every Wednesday afternoon Dr Dissanayake has an outpatient clinic which you are encouraged to attend and see patients. You are always welcome in the cath lab and all of the consultants are happy to do teaching.
Clinical Supervisor(s) <i>This may be subject to change</i>	Dr Kathy Webb-Peploe / Dr Sujay Chandran
Typical working pattern in the placement. e.g ward rounds, clinics, theatre	<p>Mon: AM: Ward round/ward jobs PM: Ward round/ward jobs</p> <p>Tues: AM: Ward round/ward jobs PM: Ward round/ward jobs</p> <p>Weds: AM: Ward round/ward jobs PM: Protected Foundation Teaching / Optional clinics</p> <p>Thurs: AM: Ward round/ward jobs PM: Ward round/ward jobs</p> <p>Fri: AM: Ward round/ward jobs PM: Ward round/ward jobs, (every other week PM – cardioversion list)</p> <p>Sat: AM: PM:</p> <p>Sun: AM: PM:</p> <p>On call requirements: Usually one weekend a month and two evenings every fortnight. During the placement you'll usually do one week and one weekend of night shifts.</p>
For further information, please contact the Local Education Provider (LEP) administrative contact	Link to specific trust information page on KSS website will be included here- https://kss.hee.nhs.uk/kss-foundation/trust-information-pages/

****It is important to note that this description is a typical example of the placement and may be subject to change****

Specialty	Diabetes & Endocrinology
Grade	F2
Trust	University Hospitals Sussex NHS Foundation Trust (West)
Site name and address (include trust name if different to employing trust)	Worthing Hospital Lyndhurst Road Worthing BN11 2DH
Type of work to expect and learning opportunities	Mainly ward work, sometimes possible to attend one endocrine clinic a week
Main duties and further information about the placement	Management of general medical inpatients, with a flavour of diabetes!
Clinical Supervisor(s) <i>This may be subject to change</i>	Dr Eleni Karathanasi / Dr Andrew Ghabbour
Typical working pattern in the placement. e.g ward rounds, clinics, theatre	<p>Mon: AM: Ward round/ward jobs PM: Ward round/ward jobs</p> <p>Tues: AM: Ward round/ward jobs PM: Ward round/ward jobs</p> <p>Weds: AM: Ward round/ward jobs PM: Protected Foundation Teaching / Optional clinics</p> <p>Thurs: AM: Ward round/ward jobs PM: Ward round/ward jobs</p> <p>Fri: AM: Ward round/ward jobs PM: Ward round/ward jobs</p> <p>Sat: AM: PM:</p> <p>Sun: AM: PM:</p> <p>On call requirements: Usually one weekend a month and one night a week. During the placement you'll usually do one week and one weekend of night shifts.</p>

Specialty	Respiratory
Grade	F2
Trust	University Hospitals Sussex NHS Foundation Trust (West)
Site name and address (include trust name if different to employing trust)	Worthing Hospital Lyndhurst Road Worthing BN11 2DU
Type of work to expect and learning opportunities	The respiratory team comprises two firms looking after around 20-21 patients. As an F2 you will be expected to provide day to day care of around half of these patients with the help of the core doctors. We are supported also by 2 respiratory specialist doctor registrars. You will get experience in a wide range of common respiratory problems including infection, respiratory failure, lung oncology, interstitial lung disease and pleural disease. You will have opportunity to undertake pleural procedures, attend bronchoscopy, and attend general respiratory, respiratory oncology and airways disease clinics and CPET clinics. We have a regular 'in-house' weekly foundation focused teaching session on a Friday morning which everyone attends. There are a range of lunchtime learning opportunities based on lectures that happen in the WHEC during the week.
Main duties and further information about the placement	Day to day care of general medical and respiratory inpatients, working in collaboration with the core doctors and SpRs on the two firms including clinical assessment, prescribing, discharge planning and discharge notification. Weekly social MDT meeting attendance (Tues 12.15pm Byworth ward). Liaison and communication with the general medical nursing staff on the ward, discharge co-ordinators. Referrals to other specialties within the hospital and occasionally to other units (as guided by consultants). Formulating and communicating weekend handover plans. Weekly meeting with the respiratory support secretary to ensure follow-up plans in place.

Specialty	General Psychiatry
Grade	F2
Trust	University Hospitals Sussex NHS Foundation Trust (West)
Site name and address (include trust name if different to employing trust)	Arun House, 16 Liverpool Gardens, Worthing BN11 1RY
Type of work to expect and learning opportunities	
Main duties and further information about the placement	<p>The post will be based at Arun House, 16 Liverpool Gardens, Worthing BN11 1RY.</p> <p>The post holder will provide psychiatric and physical healthcare input to patients with psychosis spectrum disorders and wide comorbidities across the age range 14 to 65. The opportunity to develop skills in multi-disciplinary working is excellent and the working environment is very friendly.</p> <p>The Early Intervention team for Psychosis in Worthing manages an active caseload of around 80 clients with early psychosis aged up to 65. The service has a primary youth mental health focus and collaborates widely with relevant locality third sector organisations.</p> <p>The team comprises lead practitioners of mixed professional training, a team manager, senior clinical psychologist, pharmacist, vocational support worker, administrative staff, and 0.6 of an adult psychiatry consultant.</p> <p>Training Opportunities: This post provides a wide range of training opportunities that can be flexibly incorporated into the program of each doctor depending on their needs, as detailed below. There is a specific focus on effective team working, consultative practice and risk assessment within this team.</p> <p>Community psychiatry: Whilst management of first presentation psychosis is a primary focus, the team commonly manages a wide range of comorbidity and those presenting with diagnostic uncertainty require a high standard of skills in assessment.</p> <p>Inpatient in-reach: A key component to consistency of patient care.</p> <p>Youth mental health: This is an important element of the work of an EIP team, being mindful of developmental issues of the patient and with clear focus on flexible service engagement.</p> <p>Understanding of the Mental Health Act For admissions and those on community orders.</p> <p>Psychopharmacology: Effective, safe and collaborative use of medications is a particular focus of this placement with specialist supervision from team pharmacist Nik Nikolis and Dr Chatterjee. Critical analysis of existing literature in this field is integral.</p> <p>Psychotherapy: Involvement with psychoeducation, engagement and collaborative working, family work and group therapy is available on top of the usual individual therapy exposure provided at locality level.</p> <p>Research and applied audit: The team has an active interest and experience in audit and research. Opportunities will be available to contribute to this or develop new projects.</p> <p>Teaching:</p>
