NHS National Workforce & Education Research Catalogue (WE-R NHS)

Do you want to share your work on a national level?

Do you need to do a research project or quality improvement project?

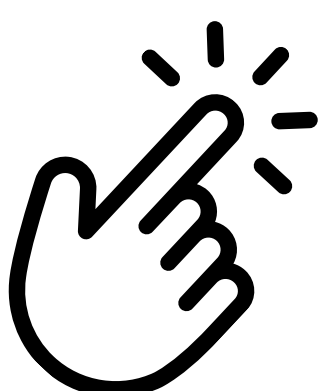

We can:

- **Help you to have your work recognised and available on a national level**
- **Share your quality improvement work with a wider audience** to help drive change and improvements across the NHS,
- **Use our catalogue as a research / search tool** to help refine and focus your own ideas for quality improvement work
- **Share your research with a wider demographic of NHS staff** across many disciplines
- **Allow users to find and potentially link with you** to talk about developments and research in education and workforce matters
- **Further education and workforce innovation** across the NHS workforce

What is WE-R NHS?

WE-R NHS is a multi-disciplinary catalogue of health or clinical education and workforce research resources collated on NHSE's learning hub platform in one place for you to easily access. With topics such as 'workforce wellbeing' and 'innovations in health education' our catalogue links to articles, case studies, videos and podcasts researched, produced and written by NHS staff for NHS staff from across NHSE education.
