

**From a final year resident doctor in training perspective:**

<b>When</b>	<b>What</b>	<b>Who</b>
Penultimate 'year' of training	Complete an ES course in current trust	Approach MEM of current trust
12 weeks ahead of final 'year' of training	Let the Deanery lead for the programme know of your interest and confirm that you have an outcome 1 at your penultimate ARCP	Deanery lead
	Identify which cohort works best for you – in a Trust from December to March or April to July inclusive. You must be on placement at that trust for the whole of the FY2 doctors 4-month placement in your subspecialty. There must be FY2 doctors working in the same department/subspecialty as you in that trust.	Specialty /Foundation programme administrators in the PGEC team at that trust
	If you haven't managed to complete an ES course in your penultimate year, liaise with the MEM of your ST7 trust to book onto a local ES course or ask if a central course is being planned for participants in this programme.	MEM of the trust in which you will be completing your final year of training
	Await a confirmed match with an FY2 doctors for this placement	Deanery administrator
