

iELF Programme

Interprofessional Educational Leadership Fellowships

Transforming Clinical Education and Training in the Workplace

Designed and delivered by experts in the field, based on grassroots feedback and the lived experience, this is a pioneering interprofessional development opportunity you cannot afford to miss.

Led by the KSS Primary Care School, each ICS Primary Care Training Hub will be supported to recruit a combined total of 9 individuals across the KSS systems for this opportunity.

Eligibility

Working in, or closely with, GP, PCN and other primary care organisations to support GP workforce development. Ideally you would be in an Educator role e.g. Community Education Facilitator, PCN Education lead, GP Clinical or Educational Supervisor

Funding

Education grant support reflective of two sessions a week to develop a project which aligns to placement expansion in primary care.

Commitment

Programme commences **21 January 2026**
1 day/2 sessions a week over 12 months.

A dedicated project and fellowship mentor
Monthly masterclasses delivered in person
at York House in Horley
